Ghassan Aboud Group's automotive business has been operating successfully for the last 28 years and is well entrenched as a world class player.

Growing rapidly from its initial commencement in automotive trading, the group has established itself as a reputed player in the automotive supply chain industry. Today the group's auto business impacts more than 100 countries offering world class products and services – new vehicles, genuine spare parts & accessories, auto lubricants, industrial oils and logistics.

The automotive business mainly operates from the UAE with a global presence.

NEW VEHICLES

A multitude of global brands are seamlessly made available across 100+ countries, our strong relationships fostered over the years and local market knowledge are the key to our success.

USED VEHICLES

We guarantee to provide the highest quality of used vehicles at competitive rates, and ensures you a smooth and transparent purchasing journey.

COMMERCIAL VEHICLES, TRUCKS & EQUIPMENTS
